

# Kyle Reginaldo

## Flutter Developer

I'm Kyle Senaris, a coding enthusiast specializing in Flutter and backend development with NestJS, Firebase, Supabase, and Google Cloud Platform.

### EXPERIENCE

#### **LabsToGo**, Virginia USA — *Flutter Developer*

May 2024 - May 2025

**Mobile Medical Lab** — an application that allows users to conveniently book medical services on demand.

#### **Celebreak**, Barcelona — *Flutter Developer*

November 2024- February 2025

**TownSquare** — an application designed to give users a platform to connect, interact, and socialize with people in their local community.

#### **Avyan Global**, Nueva Ecija Ph. — *Flutter Developer*

June 2022 - March 2024

**Alt Switch** — I had the opportunity to develop a blockchain-based mobile application for Avyan Global. This project deepened my understanding of blockchain technology and its real-world applications.

### EDUCATION

#### **Cavite State University**, TMC Cavite — *BS in Information Technology*

2020 - 2024

#### **LYFJSHS**, General Trias Cavite — *ICT*

2018 - 2020

Block 23 Lot 22 Gentree Villas,  
General Trias  
Cavite
